Churches Urged To Advertise By Head Presbyterian Group

PHILADELPHIA, May 17. (U.P.)—Newspaper advertising by the churches was urged in an address here by Walter Clarke, head of the editorial department of the Presbyterian general assembly.

"The church must follow the example of business men who spend more money in newspapers than any other medium," Clark said. "The church has the best thing there is to sell to humanity.

"To reach humanity, it must advertise. The church has a claim on the news columns of a newspaper, but to be effective it must supplement free space with generous use of newspaper advertising. American Christians might well take a leaf from their brethren in Japan, where active newspaper evangelism has been a success for several years."

The beautiful lamp that hangs in the sanctuary is the gift of Mrs. Thomas Fleming, of Pasadena, known to all of our women for her zeal in the Woman's Auxiliary of the diocese. The lamp is given as a memorial for the Rt. Rev. Courland Whitehead, D. D., late bishop of Pittsburgh. May he rest in peace, and may light perpetual shine upon him. May God abundantly bless Mrs. Fleming in her kindness to us. The lamp adds much to the appearance of our church.

CHURCHES OF CHRIST, SCIENTIST

"As we have borne the image of the earthy, we shall also bear the image of the heavenly." These words of Paul's to the Corinthians are the Golden Text in the Lesson-Sermon on "Mortals and Immortals" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Bible selections in the Lesson-Sermon includes these verses from Paul's epistle to the Ephesians: "This I say therefore, and testify in the Lord, that ye henceforth walk not as other Gentiles walk, in the vanity of their mind. . . . That ye put off concerning the former conversation the old man, which is corrupt according to the deceitful lusts; and be renewed in the spirit of your mind; and that ye put on the new man, which after God is created in righteousness and true holiness."

A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "When we learn in Science how to be perfect even as our Father in heaven is perfect, thought is turned into new and healthy channels, towards the contemplation of things immortal and away from materiality to the Principle of the universe, including harmonious man."
